Hiral Sathwara

B.Tech IT'27 | GATE DA 2026 Aspirant | Python Developer | AI/ML & Data Science Enthusiast
Ahmedabad, Gujarat, India

Summary

I am currently pursuing my 3rd-year B.Tech in Information Technology at SAL Engineering & Technical Institute, Ahmedabad. Passionate about Python programming and data science, I aspire to build a career in this dynamic field. During my Diploma, I completed two internships where I gained practical experience in Artificial Intelligence (AI) and Machine Learning (ML), exploring various algorithms and their applications.

My skills include Python fundamentals, data structures and algorithms, object-oriented programming, web development, and advanced topics in AI and ML. With a strong work ethic and a passion for learning, I am eager to contribute my skills to collaborative teams and pursue opportunities to further develop my expertise in data science.

Experience

InfoLabz

Intern

July 2023 - August 2023 (2 months)

Navrangpura

During my internship, I gained invaluable hands-on experience in the field of machine learning.

I was exposed to various machine learning frameworks and tools, such as TensorFlow and scikit-learn, and had the chance to explore deep learning techniques like convolutional neural networks and recurrent neural networks. This collaborative environment not only enhanced my technical skills but also taught me how to effectively communicate and collaborate with cross-functional teams.

Techno IT Hub

Internship

September 2022 - May 2023 (9 months)

Ahmedabad, Gujarat, India

During my internship, I gained experience in HTML ,CSS & JAVA Script and learned website design.

As part of my internship I worked on projects and created static website.
